

GD-2401 SPEC

Woofer:	Double 4" 3Q5W		THD+N 10%			
Tweeter:	NO					
frequency response	100HZ~16KHz					
S/N:	≥80DB THD: ≤5%					
BT Version:	JIEMI AC8985E	BT Version:		V5.0		
transmission range: 10M transmission frequency: 2.4GHz						
功放IC:	HAA9809		maximum power output	5Wx2		
Function :						
TWS		Support		Music high bass adjustment		NO
BT PLAY		Support		Microphone reverberation		Support
FM		Support		Microphone volume adjustment		NO
TF		Support		3.5MM audio input port		NO
USB		Support Max 64G		Guitar input		NO
Music File		MP3		Remote control		Depend on customer
One key to eliminate the original tone		NO		Wired microphone input		Support
Microphone preferred		NO		Wireless Microphone input		NO
One key heavy bass		NO		The lights switch		Support
recording		NO		Lighting effects		COLORFUL LIGHT
Built-in EQ		Support		External battery input(DC12V)		Depend on customer
Loop Playback		Support		Built-in power board		Depend on customer
Battery Capacitive:	2000mAH	With battery protection		Charging and Paty:	NO	
Charging voltage: DC 5V				Charging Time:	About4-6H	
Standby time: more than 10 hours						
Playing Time: About 3-4Hours (80%volume)				The tripod hole	NO	
Trolley:	NO			Wheel	NO	
NW / GW:	N1.12G1.33KG	N31.9G33KG		Accessories:		Charger
Product Size:	163*155*359MM				Manual	
Package Size:	167*159*327mm	3 Layer		Foam :	NO	
Carton Size:	686*493*678mm	5 Layer		Package Quantity:	24	pc / carton
